TRUNKING AND ACCESSORIES

The Alto range of Dado and Skirting Trunking are neat and clean three compartment systems in white that will provide a perimeter service at dado or ground level.

With segregated compartments for power, data and telecom cabling, each service can be accessed without interference to other services to allow for additions and alterations.

- Manufactured to the finest tolerances.
- Consistent colour throughout.
- Uses high grade materials.
- Full range of components.
- Dimensions 50mm x 170mm.

DADO AND SKIRTING TRUNKING

- Complies with BS4607 and BS6099.
- 3 metre length.
- Note: For Skirting applications use Dado ref no. AL5950 and replace bottom cover with AL7285 - Skirting lid.

Coupler	5.10	4.90	AL7272

OPEN SLOT TRUNKING

- Slotted PVC trunking provides a neat and efficient means of supporting cables in cabinets and control panels.
- The open slot construction with tapered slots allows cables to be laid in as assembly wiring progresses, the lid being finally snapped into place to secure the installation.
- When required, individual 'fingers' forming the slots can be removed to accommodate larger cables or to permit butt joints between two trunking sections.
- Flame and combustion resistant to DIN 4102, ASTM D 635.
- Base holes slotted to DIN 43659, CEI 23-22.
- Supplied in 2m lengths & grey finish RAL 7030.
