DATA INSTALLATION TRAINING COURSES

WF has a training provider which can accommodate training for installation companies, specifiers and consultants. WF training courses are presented by BICSI RCDD qualified trainers and are ideally suited for parties of eight persons.

Our one day guide to structured cabling courses can be offered by your local WF branch.

Organised by experienced personnel, the one and three day training courses are hands-on, with all equipment and products provided, including a comprehensive training manual for ongoing reference. Installers will finish with an examination, and on successful completion of this, will become a WF registered installer.

The course consists of the following:

- Introduction.
- History.
- Systems Overview.
- Design Parameters.
- Standards.
- Practical Assessment.
- Testing and Inspection.
- Examination.
- Warranty Overview.

NEW DATACOMS CATALOGUE AVAILABLE

The new Datacoms catalogue includes virtually every type of product needed for most installations plus details of a new one day course to gain the all important certification.

The course covers all the crucial aspects of Cat 5E and Cat 6
