

Our Stock Answer is YES

WF Taking the 'Hassle' out of Electrical Procurement

When it comes to electrical procurement, whether its lamps and tubes or sophisticated 3 phase distribution equipment, as a professional buyer the one thing you demand almost above kept prices is high levels of customer service. For without it your job could easily become a nightmare.

You need a supplier with a strong service ethic, who is reliable, has the stock and is prepared to understand your needs. In short an organisation with a responsive 'can do' attitude, who'll always go that extra mile and whose staff are as good as their word.

**WE OFFER
A COMPLETE
LAMPS
AND TUBES
RECYCLING
SERVICE**

With WF, that's exactly what you get and all without compromising your need for a good deal. Its this uncompromising approach that consistently puts WF top in survey after survey and has lead to long term contracts with the MOD, The Prison Service and numerous local authorities among others.

But just look what else you get from WF and compare the difference

- **Over 35,000 products from stock for same/ next day delivery on our own dedicated transport.**
- **Competitive pricing**
- **The YES catalogue, so easy to use and so comprehensive, its probably the only one you'll ever need.**
- **Wide range of **ALTO** our own brand range of products.**
- **Experienced staff used to dealing with the OGC and who can usually locate even the most obscure products**
- **A fully interactive web site so you can check stock and prices with your own in-built terms as well as place orders 24 hours a day - You can even track the progress of your order in real time.**
- **The industry's most advanced IT system speeds up transactions, can check stock anywhere in the country within seconds and can even offer alternatives in the case of obsolete items.**

WE ACCEPT GOVERNMENT PURCHASE CARDS

For more information and to get your copy of The YES Book or a Lamps and Tubes catalogue ring your local WF branch or our Central Team on
